When you say all, you mean just Brian will be reviewing ALL (NCCW, Hydrostatic Test Water, the above 2, Coal, Rule 5, Rule 6, MS4) the GPs?

Yes, He is going to need to review all the new Indiana GPs. We have had multiple reviewers for the general issues but he needs to review and coordinate with ORC to ensure some specific issues brought up in the petition have been addressed.

Brian – tells me that he is bogged down on a MS4 enforcement case. He says he needs until the 15th now.

Pat – just checking on the below.

Thanks.

Pat –

We sent the above noted general permits to EPA for review on 7/10 and 7/11 , respectively, but I do not see where we have rec'd any comments back. Could you please give me an update on the status of EPA's review of these 2 GP's?

Thanks.
